BUSSINESS PHILOSOPHY

Our philosophy revolves around an unwavering commitment to quality. We uphold this by meticulously engineering our nail tools to precision, implementing rigorous quality checks at every production stage, and fostering a culture of continuous improvement.

By investing in research, empowering our workforce, and maintaining consistency across our product line, we aim to set industry standards, earn lasting trust, and deliver unparalleled satisfaction to our international clients.

ABOUT US

Born from a small, passionate nipper sharpening shop nestled within Ben Thanh market, Nghia Nippers is the culmination of a gripping dream. Our founder's unwavering love for nail care propelled the establishment of a company now flourishing in the manufacturing and trade of nail care tools across extensive hectares.

Through trials and triumphs, Nghia Nippers has emerged as Vietnam's premier enterprise in this field. Revered globally, our products stand out for their unparalleled quality, distinctive style, and the enduring prestige of our brand. Today, we proudly represent excellence in the realm of nail care worldwide.

VISION

Pioneering the supply of beauty and healthcare products in Vietnam while becoming a global leader in the nail tools industry.

MISSION

Delivering a range of nail tools that consistently meet and exceed international standards.

CORE COMPETENCIES

Precision, Quality, Uniformity

CORE VALUES

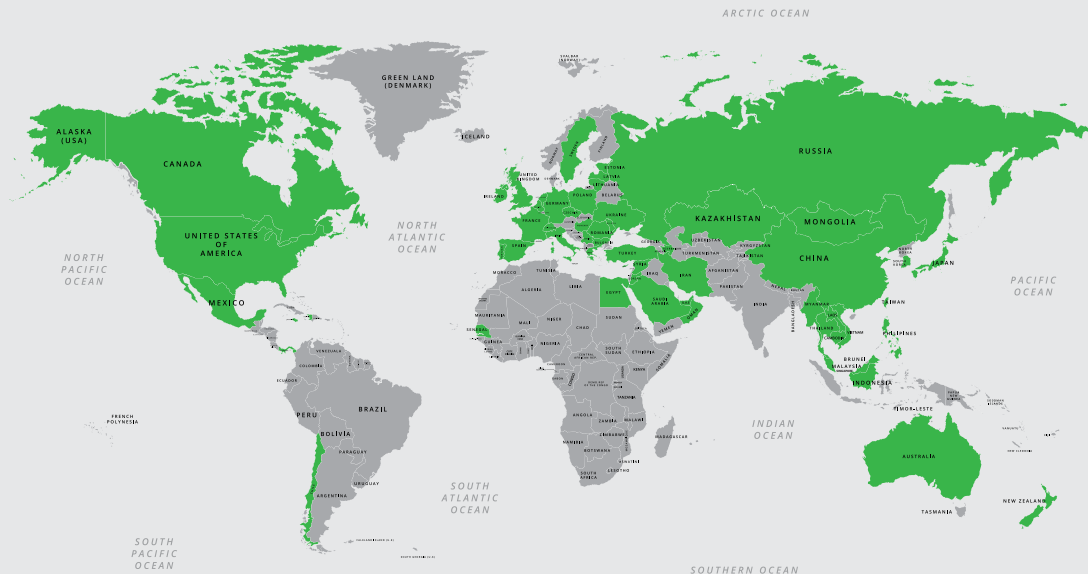

QUALITY: Dedication to delivering flawless beauty care experiences.

CARE: Reverence for the beauty inherent in every woman, nurturing it with utmost respect.

SHARING: Embracing our responsibility to uplift society, our community, and our nation's welfare.

ADVANCED TECHNOLOGY

Leveraging hot forging technology for exceptional durability and sharpness, our European-imported machinery ensures top-tier safety and hygiene standards. These elements converge to craft the outstanding quality defining Nghia Nippers Corp's products.

EXPORTED TO 61 COUNTRIES WORLDWIDE

United States (US), United Kingdom (UK), France, Italy, Russia, Ukraine, Germany, Poland, Greece, United Arab Emirates (UAE), China, Taiwan, Turkey, Mexico...

MEETING THE WORLD, BUILDING RELATIONSHIPS

International exhibitions are not only opportunities for us to showcase products but also occasions to connect, meet partners, and build strong international relationships. This is not just an event but a journey we embark upon for global success.

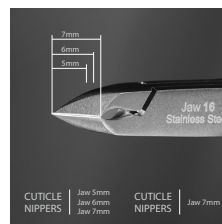

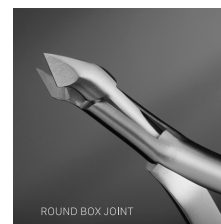

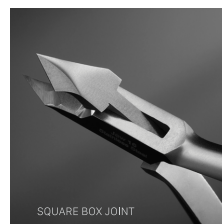

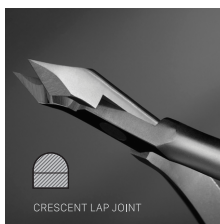

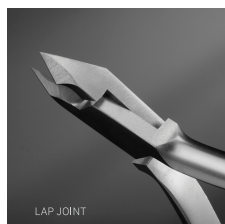

PRODUCT INFORMATION

HOW TO IDENTIFY GENUINE PRODUCTS

All products of Nghia Nippers have the word "Nghia" debossed deeply inside the nipper's handle.

PRODUCT INTRODUCTION

ATTRIBUTES OF OPTIMAL NIPPERS

Steel Material

Meets stringent control standards, utilizing high-quality imported C45 carbon steel and SUS-420J2 stainless steel.

Nippers' Rivet

Previously manually drilled; now, it employs high-precision and consistent CNC technology.

Heat Treatment Technology

Overall heat treatment achieves 45HRC, while blade surface heat treatment reaches 55HRC.

Plating Technique

Applies advanced plating technology to protect the steel surface, enhance aesthetics, and ensure safety for the skin.

Grinding Technique

Use tool fixture with presetting angles

INPUT

OUTPUT

High Corrosion Resistance

Thanks to high-tech plating, it prevents surface oxidation due to environmental contact. Additionally, stainless steel minimizes external rusting.

Longevity

Overall heat treatment renders the nippers' body flexible, durable, and resistant to breakage when squeezed. Surface heat treatment ensures blade hardness, guaranteeing prolonged sharpness.

Lightweight

Utilizes high-precision CNC for the nippers' joint, resulting in lightweight nippers.

Sharpness

The newly developed grinding technique achieves a high level of precision, resulting in optimal and uniform sharpness.

EXPORT

Our Standard Line: Ideal for beauty industry professionals and enterprises seeking high quality, professional-grade products.
